- (4) Within one month of the review under subsection (1) being completed, the Treasury must—
 - (a) lay the document before both Houses of Parliament, and
 - (b) make a statement responding to the review, including a declaration of whether and how the Treasury will act to—

- (5) After the requirements under subsection (4) have been met, the Treasury may by regulations enact such reforms of market abuse provisions that are identified in the review.
- (6) Regulations under this section are subject to the affirmative procedure."

Member's explanatory statement

This probing amendment seeks to understand what steps the Government is taking to improve identification and punishment of market abuse. It asks for the Treasury to outline proposals for enacting recommendations from a 2018 evaluation by the Financial Action Task Force, the global money laundering and terrorist financing watchdog.

Clause 31

LORD EATWELL

Page 37, line 29, at end insert—

“() In section 327, after subsection (2B) insert—

- “(2BA) A deposit-taking body (defined in section 340(14) as a business which engages in the activity of accepting deposits, or the National Savings Bank) charged with an offence mentioned in paragraph (a) (concealing criminal property) or (b) (disguising criminal property) of subsection (1), consisting in whole or in part of concealing or disguising the ownership of criminal property (see subsection (3)), has a defence if it can demonstrate that it relied upon information in a publicly accessible, verified register of the beneficial ownership of companies registered in the United Kingdom, operated in accordance with recommendations of the Financial Action Task Force.
- (2BB) For the purposes of subsection (2BA), the beneficial owner of an entity means any individual who ultimately owns or controls the entity, or on whose behalf a transaction is being conducted, including an individual who exercises ultimate effective control over the entity.
- (2BC) For the purposes of subsection (2BB), ultimate effective control over an entity includes ownership or control exercised through a chain of ownership or by means of control other than direct control.

Clause 31 - continued

- (2BD) Once in each year from the date of the passing of the Financial Services Act 2021 and until such a register as is described in subsection (2BA) is in operation, the Secretary of State must lay a report before Parliament on progress towards establishing it, including progress towards agreement on funding.””

Member’s explanatory statement

This amendment would allow a deposit-taking body charged with an offence to demonstrate, as part of its defence, that it relied on information contained in a publicly accessible, verified register of beneficial ownership of UK companies. Until that verified register is operational, the Government would have to report annually on progress towards establishing it.

After Clause 33

 - (e) provision that when an individual has entered into a plan for the repayment of some or all of their outstanding debts, they will receive protection from any warrant or action from bailiffs appointed by a UK court.”

Member’s explanatory statement

This amendment probes the nature and content of the regulations which will establish the Statutory Debt Management Scheme, foreshadowed by the Debt Respite Scheme.

BARONESS BENNETT OF MANOR CASTLE
 THE LORD BISHOP OF ST ALBANS

- 55 Page 40, line 30, at end insert –
 “(4B) The regulations must also include the following as part of the scheme –
- (a) provision to ensure that any debts appearing on a repayment plan, which have either –
 - (i) been sold by originating lenders to debt purchasing companies prior to the debtor entering the scheme, or
 - (ii) been sold by originating lenders to debt purchasing companies whilst the debtor is in the scheme,
 are subject to what is to be known as a “fair debt write-down”;
 - (b) that the level of the fair debt write-down must be calculated by the amount paid by the debt purchasing company for the debt plus no more than twenty per cent of the value of the debt;

Clause 34 - continued

- (c) that no more than the amount calculated under paragraph (b) may be collected in respect of any debts to which a fair debt write-down applies throughout the course of the debt repayment plan; and
- (d) that at the end of an individual's debt repayment plan, any outstanding amount in respect of debts to which a fair debt write-down has applied is unenforceable against the debtor and must be treated as if fully discharged by virtue of section 251I of the Insolvency Act 1986 (discharge from qualifying debts)."

Member's explanatory statement

This amendment seeks to ensure that debts which have been sold by originating lenders on the secondary debt market are written down to a fair level.

LORD LUCAS

56 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which the breathing space moratorium period may be extended.”

Member's explanatory statement

This refers to the “breathing space moratorium” under Part 2 of the regulations, which lasts for 60 days. This amendment would allow that period to be extended, for example, for the purposes of allowing a benefit claim to be processed.

57 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which the date of the midway review of the breathing space moratorium may be varied.”

Member's explanatory statement

This amendment is to cover circumstances where there is nothing to review.

58 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances where it is permissible to exclude specified categories of debt from the process.”

Member's explanatory statement

This amendment is intended to exclude from the scheme certain categories of debt, such as to private landlords, friends, and service providers such as nurseries, to avoid such creditors from being notified of a breathing space moratorium or statutory debt repayment plan process, where inclusion might have detrimental consequences for the debtor.

59 Page 40, line 30, at end insert –

“(4B) The regulations may provide for penalties to be imposed on creditors who do not comply with requirements under the regulations.”

Member's explanatory statement

This amendment is to encourage creditors to comply.

60 Page 40, line 30, at end insert –

“(4B) The regulations may require annual reports to be laid before Parliament on the ways in which processes for managing personal debts may be improved.”

Member’s explanatory statement

This is intended to secure that the breathing space and statutory debt repayment plan processes are self-improving, and that gaps in the range of solutions available, and barriers to access, are highlighted.

61 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which the time allowed for the creditor to comply with regulations may be varied.”

Member’s explanatory statement

The breathing space regulations require the debtor’s account to be placed on hold immediately. If notified electronically the notice is likely to be given one day, with the Breathing Space taking effect from the following day. This amendment is to allow more time, for example, for information to be passed to any subsequent debt purchaser.

62 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which the breathing space moratorium does not apply to all parties to a debt.”

Member’s explanatory statement

This amendment is to probe how the moratorium applies to debt rather than an individual and, for example, whether an action against a wealthy debtor should be prevented because they have an estranged partner who is subject to breathing space moratorium.

63 Page 40, line 30, at end insert –

“(4B) The regulations may not commence until the Insolvency Service portal is fully functional.”

64 Page 40, line 30, at end insert –

“(4B) The regulations may not commence until court notification procedures are capable of same-day functionality.”

Member’s explanatory statement

This is intended to ensure that the courts are able to manage the proposed procedures against other priorities.

65 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which the interest remitted under the regulations is restored if the debtor does not engage effectively with the breathing space process.”

Member’s explanatory statement

This is intended to encourage debtors to engage.

66 Page 40, line 30, at end insert –

“(4B) The regulations may provide for circumstances in which a debt in respect of which legal action has already commenced, and is undefended, may be finalised by the entry of default judgment as the debt enters the breathing space process.”

Member’s explanatory statement

This is intended so that the creditor does not incur double costs if the breathing space does not lead to an agreement.

- (3) A Minister of the Crown must, as soon as practicable upon completion of the review, lay a statement outlining its findings before both Houses of Parliament.”
